

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a dangerous example of media consolidation and the hijacking of our democracy.

Sinclair uses our public airwaves free of charge, on our tax dollars and is absolutely obligated by the law to serve the public interest.

When large companies control the airwaves, they have an obligation to report the news without bias and to hold this fragile line that protects our Democracy!!

Sinclair's upcoming actions prove why we need to strengthen media ownership rules, not weaken them.

We, the people are counting on you, the FCC to protect our media and our rights!!

Thank you.
